

**Businesses thrive when they have skilled employees.
Employees are invested in their employer's goals when their needs are being met.
The WIOA Title I program wants to connect businesses to
employees in a mutually beneficial relationship.**

WHO WE ARE AND WHAT WE DO:

The WIOA Title I Adult/Dislocated Worker Program through National Able Network is federally funded through the Department of Labor to assist participants in finding sustainable jobs.

HOW THIS CAN IMPACT YOU:

Through our mission of connecting adults with long-term careers, we provide talent to central Iowa businesses to meet their business needs. Recruiting, hiring, and training new talent has its own set of challenges, and we can help with those challenges.

BUSINESSES WHO PARTNER WITH US BY PROVIDING ON-THE-JOB TRAINING OPPORTUNITIES CAN:

Save time in recruiting by allowing us to match participants to available opportunities.

Have sufficient time to train employees with up to 6 months and a maximum of 50% wage reimbursement.

Reduce employee turnover by completing job-specific training during the reimbursement period.

Access to the Title I Business Service Representative to serve as a liaison/communicator to support the participant and business to ensure successful training.

We want to encourage you to partner with us to offer on-the-job training opportunities. This provides pathways for participants to gain skills and for employers to gain a talented workforce.

If you're interested in on-the-job training partnerships, please contact us.
